Delivery Date: 

Warranty information for loaders and equipment must be provided with bid.

The City of Glasgow – Department of Public Works reserves the right to reject any and all bids. Bids must be good for 90 days.

In compliance with the above, the undersigned offers and agrees, if this bid is accepted within ninety (90) calendar days from the date of opening, to furnish any and all of the items upon which prices are quoted, at the price set opposite each item, delivered at the designated point(s) within the time specified in the schedule. Items on bid are exempt from federal excise tax and Kentucky sales and use tax. Title shall pass to the City upon actual receipt and acceptance of the items. In the event there is a discrepancy between the unit price and the extended price, the unit price shall govern.

Procurement: City of Glasgow does abide by **Residential Bidder Preference** per KRS 45A.490 - .494: KAR 5:400. This is designed to give in-state bidders an advantage against out-of-state bidders whose states have own bidder preference laws. Prior to awarding a contract, City of Glasgow must provide a preference to resident bidders of KY against non-resident bidders, IF those non-resident bidders are registered in a state that gives or requires its own residential bidder preference. Preference must be equal to preference given or required by state of non-resident bidder. If tie between resident and non-resident, preference must go to resident.
To: All Interested Bidders

Subject: (1) 2020 Skid Steer Compact Track Loader

Attached are specifications for a (1) 2020 Skid Steer Compact Track Loader

Should you have any questions, please call Superintendent of Public Works, Roger Simmons at 270-651-5977.

Be sure to return all required forms that were sent with the original bid package.

PURCHASE BID SHEET FOR:

(1) 2020 SKID STEER COMPACT TRACK LOADER

This specification covers (1) 2020 Skid Steer Compact Track Loader shall be equipped with any additional items listed below and must be the manufacturer’s latest production model. All items that are considered standard but are not specifically mentioned in these specifications are to be included. 2020 Skid Steer Compact Track Loader including all necessary equipment shall be furnished, delivered new, complete, and turn-key ready for use. Vehicle shall be comparable with the following basic requirements unless otherwise noted. Bidders shall indicate exactly what they are offering in the following blanks. All bidders must fill in all blanks Yes if meeting or exceeding specification and No if exceptions are taken. Bidder must attach a copy of factory warranty for equipment being bid. Successful bidder will be responsible for delivering the 2020 Skid Steer Compact Track Loader to the City of Glasgow-Department of Public Works, 310 West Front Street, Glasgow, KY 42141 with all equipment installed.

Bidders must include a sample copy of the finance documents and provide all payment information.

MAKE: ___________________________ MODEL: ___________________________

DELIVERY DATE: ___________________________

NOTE: BIDS ARE TO BE SEPARATE THEN AS COMBO DEAL IF AVAILABLE
Machine Specifications

Engine
4 Cylinder, turbocharged, water-cooled diesel engine with a minimum 68 net horsepower @
- 2500rm (SAE J1349)
- Tier IV FINAL emissions certified
- Diesel Particulate filter muffler
- Remote engine oil drain
- Remote engine oil and fuel filters

Electrical
- 12-volt electrical system
- Minimum 120-amp alternator
- No maintenance 1000 CCA battery
- Master disconnect

Hydrostatic Transmission
Tandem mounted, axial piston hydrostatic transmission with integral charge pump driven
- Directly off the engine fly wheel
- Double reduction planetary final drive
- Two travel speeds (optional)

Undercarriage
- (2) Idlers/ (3) Rollers per side permanently sealed
- Hydraulic grease cylinder track adjustment
- Track size – 12.6” large offset pad (65.9” OW)
- Length of track on ground – 55.9 inches
- 17 sprocket teeth / 1.8-inch width
- Track frame cover that is tapered

Hydraulics
- Standard equipment pump – Gear pump with rated flow at 24.2 gallons per minute
- 3 spool open center series loader control valve
- Loader arm auxiliary hydraulics with proportional thumb wheel activated
- Standard auxiliary hydraulics 24.2 gpm @3046 psi
- Auxiliary hydraulic disconnects,
  ISO flat-face connect-under-pressure with case drain
- Auxiliary function lockout override
- Loader arm float position

Brakes
- Spring-applied, hydraulic-release disc brakes
- Brakes engaged by depressing on/off brake button on handle or instrument panel, raise seat bar, get off seat, stop engine

Loader and Linkage Features
- Loader arms shall be radial arm geometry design
- Dual bucket cylinders
- Operating load @ 35% - 1,890lbs
• Operating load @ 50% - 2,700lbs
• Tipping load = 5,400lbs
• Optional – Hydraulic self-leveling
• Optional – Hydraulic attachment coupler

Bucket
• Loader bucket shall a heavy-duty design
• Minimum 72” bucket 16.2 cubic foot heaped capacity
• Compatible with other skid steer loaders

Operator Environment
• The operator compartment shall be accessible from the front of the machine
• ROPS/FOPS level 1 canopy with side screens
• Optional enclosed cab with heater and air conditioning
• Control lockout system
• Tilt forward ROPS/FOPS
• Electrical parking brake control
• Electronic Hand throttle
• Electronic Foot throttle
• Optional ISO or H-pattern switchable EX-EH electric over hydraulic programmable controls with nine (9) optional speed and control settings and fully customizable settings
• Operator’s compartment floor cleanout
• Rear window with emergency escape
• Padded seat bar with integral arm rests that can be raised to lock out the loader lift arms and bucket controls
• Alarm package (backup and horn)
• Lights; 2 front, 2 side, 2 rear flood (halogen)

Instrumentation
• Advanced instrument cluster with hour meter, fuel gauge, engine, and oil temperature gauge, diagnostic features, and security lock-out
• Indicators; digital hour meter, fuel level LC bar graph with alarm
• Warning lights with alarms; engine coolant temperature, system critical stop, electronic system indicator, hydraulic system indicator, hydraulic oil temperature
• Warning alarms; battery voltage (plus display), diesel particulate filter
• Indicator lights: engine preheat, parking brake, seat bar reminder

Operating Weight
• Machine operating weight to equal 8,270 lbs.

Performance
• Maximum height to the top of the ROPS of 78.7 inches
• Minimum height to the hinge pin of 123 inches
• Minimum dump height with loader arm at maximum of 98.2 inches
• Minimum tipping load capacity of 5,400 pounds

Serviceability
• Radiator located directly behind the engine
• Machine protection auto shutdown
• Lockable service access hood
Warranty

- Full machine warranty of one-year, unlimited hours
- Engine warranty of two years of 2,000 hours
- Power train warranty of one-year, unlimited hours

Sealed bids will be received and opened Wednesday, August 26, 2020 at 3:00 P.M. local time at Glasgow City Hall, Office of the Mayor, 126 East Public Square, Glasgow, KY 42141. Completed bid form must be sealed in envelopes marked: 2020 1(one) 2020 Skid Steer Compact Track Loader and/or 1 (one) Skid Steer Loader (separate/combo)
