The Common Council of the City of Glasgow, KY met in regular session on Monday, the 23rd day of October, 2017 at 7:00 p.m. in the Council Chambers with the following persons present:

HONORABLE MAYOR: Dick Doty

COUNCIL MEMBERS: Jake Dickinson  
Patrick Gaunce  
Brad Groce  
Stacy Hammer  
Greg Harris  
Wendell Honeycutt  
Marna Kirkpatrick  
Chasity Lowery  
James Neal  
Freddie Norris  
Gary Oliver  
Marlin Witcher

There being a quorum present, the Mayor declared the meeting open for business.

Pledge of Allegiance

Council Member Patrick Gaunce opened the meeting with a prayer.

MINUTES OF COUNCIL MEETING ON 10-09-17

MOTION was made by Council Member Hammer for the approval and adoption of the 10-09-17 Council Meeting minutes

SECOND was by Council Member Kirkpatrick

VOTE unanimous approval of the Council

BARREN COUNTY JUDGE/EXECUTIVE MICHEAL HALE TO ADDRESS THE COUNCIL CONCERNING BARREN COUNTY BEING NAMED A WORK READY COMMUNITY

Mr. Hale stated Barren County has recently been voted on and accepted as a Work Ready County. On September 24, 2015, Hale attended his first Work Ready meeting. Hale said he was
appointed to the Kentucky Workforce Innovation Board and he served on this board until June, 2017. Hale said while he served, he was placed on the Work Ready Community’s committee for the state of Kentucky. Hale said he served with the Economic Development Cabinet, Labor Cabinet, Workforce and Education, the Kentucky Chamber of Commerce and the Department of Education. Hale said when the new governor took office, he became chairperson of this committee and is still chairperson.

Judge/Executive Hale said he started talking about this at a Chamber of Commerce meeting and an Economic Development (formerly IDEA) meeting and received a little feedback from various folks in the community. The Kentucky Workforce Innovation Board was going to make the criteria very difficult to be a Work Ready County. He stated he had no way of knowing if we could receive that status. He said what he did know was no progress report was given to Frankfort about our progress. Hale said he was told Barren County was not going to receive an extension for work already in progress. Hale said he asked to use the Chamber of Commerce Educational Committee because the application is three-fourths educational driven and a lot of data comes from the education side.

Hale stated we were lacking in criteria on educational attainment; the percentage of working age with at least a 2 year degree and we are lacking in the number of working age adults with a diploma or a GED. He said we have two of the top notch school systems in the state of Kentucky and, in his opinion, the United States.

Judge/Executive Hale said the application process started in late March and early April. A committee was formed by various people from the education field. This committee created new criteria and wanted this criteria to be implemented as quickly as possible. Hale stated many hours went into this and the criteria was exceeded. He said that we are one of 38 counties that is Work Ready in the state of Kentucky. Hale stated that, the way he understands it, when a business or industry wants to locate in Kentucky, they target the Work Ready counties first.

Hale said concerning old criteria that a 90% graduation rate was needed and we are at 95.2%. He also noted that kids going to college needs a 30% rate and we are at 38% for Barren County. Hale said folks with 2 year degrees is now at 28.2%.

Judge/Executive Hale said he appreciate the support of Mayor Doty. He stated this takes a team and he hopes everyone can be proud of the fact that there were folks that came together to do this. Hale said when he read through the original application, former Judge/Executive Davie Greer’s name was on it as being the responsible party. He said he felt like as Judge/Executive, it was his responsibility. Hale said he is proud of the fact they have done this and they will have to continue to work hard and make the program successful. Hale told the Council that it takes their help and it takes everyone’s help.

Judge/Executive Hale said appreciated the opportunity and thanked everyone for being asked to come. He said if anyone has any questions for him, he would be more than happy to talk and for anyone to contact him.
KEVIN MYATT, PLANNING DIRECTOR, TO PRESENT THE JOINT CITY-COUNTY PLANNING COMMISSION’S ANNUAL REPORT

Mr. Myatt said he distributed material showing what the Planning Commission is. Myatt stated the Planning Commission is an appointed body that coordinates planning efforts and makes recommendations to local legislative units. Some of the tasks and endeavors required of the commission is to review ordinances pertaining to zoning or subdivision regulations as well as coming up with a comprehensive plan. He stated this is a KRS requirement that they are required to do and present. He noted this is a very large document and encompasses everything inside the city and the county, including transportation, community facilities elements and future land use projections. Everything you can think of is inside that plan per Myatt and he said to visit their website at www.jccpc-ky.com. The comprehensive plan is on this site.

Myatt said the Planning Commission was established in 1972. He said the first year of subdivision regulations was 1978, however, the first zoning ordinance he has found was 1948 in the city limits of Glasgow. He said zoning has been around for some time and we keep amending it and trying to perfect it to maximize the residents of this city’s properties. Myatt said we have to regulate that growth, have smart growth and have an understanding of what needs to transpire within the city limits. Myatt said the last time that zoning ordinance was amended was 2016.

Myatt stated the chart that was distributed was a four year overview of the amount of plats, minor subdivisions and major subdivisions inside the city and the county. A minor subdivision is 5 total tracts or less. A major subdivision is required to be approved by the Planning Commission and that is 6 tracts or more. Each year since 2013 has had growth primarily.

Myatt stated zone change applications relatively stay the same. He said in year 2017 there were 215 minor lots reviewed and he projects 296 to be reviewed for the entire year. Myatt said they have reviewed 145 total plats and he projects to have a little over 200 for the entire year and he noted these could change. Myatt said they are starting to see some development with major subdivisions including new road networks as well. Myatt stated there have been 4 zone changes this year and there could be a couple of more before the end of the year.

Myatt said one of the things being looked at by the Planning Commission is revamping some of the classifications of the zoning ordinance. Myatt said they are looking at what is called Mixed Use Overlays, Plan Unit Development Overlay Districts and Leed Certified Developments, which primarily deals with energy design. He said he knows a few of the Council Members that are going to be on that committee. They are going to meet on Thursday, October 26 at 5:00 in the council chambers just as an informational meeting with the technical aspects of everything. Myatt said the Planning Commission is here as a body for the Council and a tool for the citizens.
ORDINANCE NO. 2017-2904

ORDINANCE ---- 2ND READING ---- ORDINANCE PERMITTING REBATE OR RETENTION BY MY VISUAL PACKAGE, LLC OF ONE PERCENT (1%/o) OF THE ONE AND ONE-HALF PERCENT (1½%) OCCUPATIONAL LICENSE FEE ON CERTAIN WAGES PAID TO EMPLOYEES IN THE CITY OF GLASGOW, KENTUCKY ON THE CONDITION THAT MY VISUAL PACKAGE, LLC MEETS THE CRITERIA OF ITS APPLICATION FOR INCENTIVES UNDER THE KENTUCKY BUSINESS INVESTMENT PROGRAM

A proposed ordinance was presented for the second time and caused to be read for the second time.

MOTION was made by Council Member Norris for the second reading approval and adoption of the Ordinance

SECOND was by Council Member Honeycutt

VOTE Yes – 12 No – 0 AB – 0

Dickinson – yes    Kirkpatrick – yes
Gaunce – yes      Lowery – yes
Groce – yes       Neal – yes
Hammer – yes      Norris – yes
Harris – yes      Oliver – yes
Honeycutt – yes   Witcher – yes

Harris – yes Oliver – yes
Honeycutt – yes Witcher – yes

ORDINANCE NO. __________

ORDINANCE ---- 1ST READING ---- ORDINANCE
DECREASING THE NUMERICAL COMPOSITION OF THE
CITY COUNCIL (Sponsored by Council Member Greg Harris)

A proposed ordinance was presented for the first time and caused to be read for the first time.

MOTION was made by Council Member Norris for the first reading approval of the Ordinance
SECOND was by Council Member Groce
VOTE Yes – 7 No – 6 AB – 0

Dickinson – yes Kirkpatrick – no
Gaunce – yes Lowery – no
Groce – yes Neal – no
Hammer – no Norris – yes
Harris – yes Oliver – yes
Honeycutt – no Witcher – no
Doty – yes

Mayor Doty stated his vote was to reduce the Council so that will be a Yes vote, so the Motion carries. Mayor Doty’s vote was to break the tie vote.

Prior to the vote, Council Member Honeycutt said he believes this is a bad idea. Honeycutt said he knows it would be a cost savings. Honeycutt said there is already a cost saving probably 15 years ago when the Council stopped received benefits, like the health insurance benefits. Honeycutt stated he believes they would lose diversity on the Council. Honeycutt said he thinks if you look at some of their tie votes, you can see they are very diverse in their opinions, in their
education and backgrounds. Honeycutt said the top vote getters are usually the same people every year. Honeycutt said he believes they would become stagnated in their membership and suffer from a lack of fresh ideas. Honeycutt stated there are numerous people on the Council that do a lot of volunteer work and some that don’t do any. Honeycutt said he worries who is going to answer calls. Honeycutt told of a caller that calls and has strong opinions that he shares freely with you. Honeycutt said he was told by this caller that some of the Council Members have quit taking his calls. Council Member Honeycutt said he worries that if they have 8 people that maybe no one would take his calls and who would represent him then. Honeycutt stated he thinks it is important that they supervise in how they spend the taxpayers’ money. Honeycutt said he serves on the Ambulance Service board. Honeycutt said the Ambulance Service saved quite a bit of money by paying their Workman’s Comp by paying it for the entire year. Honeycutt said that normally it is a good thing, but this year it may or may not be because after December 31 the taxing district comes into play. Honeycutt stated after 6 months they would be paying 6 months of the workman’s comp whereas now it goes by how the board membership is made up with the City paying part of it and the County Government paying part of it and, of course, the hospital and Metcalfe County. Honeycutt said that even though it is a good idea to save money, maybe this time it wasn’t a good idea to prepay that expense. Honeycutt stated he talked to them about this and told them that before anything major come up like that again, consider that you are changing who is going to be paying for it. Honeycutt said it is still taxpayer money and the taxpayers pay for it, but it makes a difference in where the money is coming from. Honeycutt said an example he has of a bad point is the Tourism Commission. Honeycutt said that several years ago he wanted the City to form their own tourism commission. Honeycutt said that Cave City does it to support the Convention Center and we could do it to support the Highland Games, the Plaza, the Chamber and the Bounty of the Barrens and keep a little bit to support other things. Honeycutt said he has fussed about the Tourism Commission’s Calendar of Events that is outdated. Council Member Honeycutt said he does not know what to do to get their attention and we do not have a Council Member on that board. Honeycutt said this is people appointed by the City government and County government. Honeycutt asked Council Member Norris if he would check at the next Plant Board meeting if why channels on cable go out quite a bit every day. Mayor Doty commented about the Tourism Commission Calendar of Events saying that was maintained by someone that passed away in the timeframe of October, 2016 and they have been working to keep that site up and running but the updates to the calendar have not been made. Mayor Doty said there are discussions to get a new agency to host that site. Council Member Honeycutt said he feels this is important enough that it should have been addressed. Honeycutt said this is just some reasons and he thinks it is a bad idea to reduce the council members now. Honeycutt said he thinks it is important to keep the diversity and keep fresh ideas coming into the Council. Honeycutt said for the most part, the people that come in and out are the people that get the fewer votes. Honeycutt said they will come in and serve a few years and leave and then somebody else comes in. Council Member Honeycutt said unless you spend a whole lot of money on advertising, even with a good name recognition, you are going to be on the lower end of that vote.

Council Member Gaunce said he will make a couple of comments. Gaunce when was with Papa John’s, there were 12 people that oversaw 3,000 restaurants in 50 states and 26 different countries. Council Member Gaunce said that 12 people can do a lot. Gaunce said he is not sure whether they are maximizing their potential as 12 members for this community or not. Gaunce
said this is the second time that two different Council Members have brought this up. Gaunce said he would like to see how many committee members attend the committees they are on. Gaunce said he thinks you have to be able to answer that question before you can decide how many people you need. Council Member Gaunce said the other thing he would like to say is that he has been tracking time and they are averaging 20 to 25 minutes a meeting. Gaunce said he doesn’t know if they need a meeting every other week. Gaunce said this is thought he has. 

Council Member Harris stated Council Member Oliver proposed a reduction to 7 about a year ago and it was voted down by the Council at that time. Harris said that although reducing the Council by 4 people is kind of small dollars in the overall budget of things. Harris said you are still talking about savings of just under $35,000 a year. Harris said he things they should lead our city to save any tax dollars they can. Harris stated the reason he is in favor of 8 is he thinks an even number, in case of a tie, he feels like whoever is the presiding Mayor, in the event of a tie, should have the tie break. Council Member Harris said he is a full time employee and been voted in by the citizens. Harris said 62% of Americans are living paycheck to paycheck and he doesn’t think it is a great deal different in the city of Glasgow. Harris said he thinks anything they can do to prevent future tax increases is worthwhile. Harris said they just came out of a meeting where they are needing a couple of hundred thousand dollars for something that is not in the budget. Harris said he thinks anything they can do to prevent future tax increases is a good thing.

Council Member Norris said it was real interesting to hear the report Angela gave on how much an hour Council Members make as he was listening to the radio. Norris said that might be printed for all people in the community. Norris said it is a good thing to vote and to give the community an opportunity to vote on things like this and he really supports it.

Council Member Gaunce said it is good to do a comparison if they met only half the amount of times or if there were only 8 people. Gaunce said to him it is more about efficiencies that it is cost savings. Gaunce asked how they are in relation to what the City Council makes per month verses city councils around us. Gaunce said if they could get those comparisons. Gaunce said he thinks it is good to get information and figure out what you are doing before they vote. Mayor Doty said he didn’t know what those numbers are, but we certainly could find some comparative numbers if that would be beneficial.

Council Member Lowery asked how many members set on a committee where the meeting has to have been cancelled because there was no quorum. Several Council Members raised their hands. Lowery said perhaps they are not all doing the best job they can and that she can understands that people miss. Lowery said perhaps it is not the number of members; maybe they make too much money. Lowery said perhaps they should give back part of their salary to the City. Lowery stated that if they are not doing their job, then they should not be paid for it. Council Member Lowery said if you are not coming to your committee meetings, then you don’t deserve to be paid.

Council Member Gaunce said get the information on who has attended and it should be easy to get, at least for the year 2017. Council Member Norris said some of this information may be on record because they had a discussion, maybe in 2008-2010 on this and those figures may be in the office downstairs. Council Member Gaunce asked which ones. Council Member Norris
answered by saying neighboring towns’ comparisons. Council Member Lowery said Kentucky League of Cities has that information on their web page on what the salaries are for city council members. Several Council Members spoke about which cities and closeness in geography.

Council Member Gaunce asked Council Member Oliver what was the reason that he wanted to cut it back. Council Member Oliver said at the time, to bring it to 7, one of the reasons was because of the 6 to 6 vote and it was decided by the Mayor. Oliver said he thought that maybe that would change that structure to where it wouldn’t be put on the Mayor to make the final decision for this

Council, which was voted in, could make that decision without putting him on the spot. Council Member Lowery said she could get the figures on Allen County. Council Member Lowery said the city of Scottsville’s council makes $89 per month.

Council Member Groce said he does not see a problem with the Mayor having some skin in the game because they have had some controversial votes in the last several years. Groce said Mayor Pickett broke some very controversial ties so he does not see an issue with the Mayor having a vote in it if that comes up.

RESOLUTION NO. 2017-2362

RESOLUTION NAMING THE BASEBALL FIELD AT JOHN E. RICHARDSON STADIUM “SAM ROYSE FIELD” TO HONOR THE CIVIC CONTRIBUTIONS OF LONG-TIME BASEBALL COACH SAM ROYSE

A proposed resolution was presented and caused to be read

MOTION was made by Council Member Neal for the approval and adoption of the Resolution
SECOND was by Council Member Hammer
VOTE unanimous approval of the Council

RESOLUTION NO. 2017-2363

RESOLUTION FOR THE CITY OF GLASGOW TO MAKE APPLICATION FOR A KENTUCKY LEAGUE OF CITIES INSURANCE SERVICES COMPENSATION SAFETY GRANT
A proposed resolution was presented and caused to be read

**MOTION** was made by Council Member Norris for the approval and adoption of the Resolution

**SECOND** was by Council Member Neal

**VOTE** unanimous approval of the Council

COUNCIL MEMBER HONEYCUTT SAID HE WOULD LIKE TO MAKE A MOTION TO SUSPEND THE RULES FOR AN ITEM NOT ON THE AGENDA

**MOTION** was made by Council Member Honeycutt to Suspend the Rules for one additional item not on the agenda

**SECOND** was by Council Member Hammer

**VOTE** motion passed to Suspend The Rules with voice vote approval of the Council

Council Member Honeycutt said at the Public Safety Committee meeting tonight, it was brought to their attention that there is $300,000 to purchase a new fire truck. Honeycutt stated the actual cost is going to be approximately $215,000 more than that. Honeycutt said there is an immediate need for the truck. Honeycutt said if the truck is bought now, they can achieve a discount of about $14,000 and this discount is scheduled to go away on November 10. Honeycutt said there is a time sensitivity to this item. Honeycutt said he is going to move they buy the truck and amend the budget by $215,000 to allow for this purchase. Council Member Honeycutt said if they get a second for the vote, the Fire Chief is in attendance to explain this.

**MOTION** was made by Council Member Honeycutt for a budget amendment in the amount of $215,000

**SECOND** was by Council Member Gaunce

**VOTE**

Prior to the vote, Council Member Honeycutt asked the Fire Chief to explain. Council Member Dickinson asked where the money is going to come from that is not in the budget. Council Member Honeycutt said he didn’t know and it will have to come out of surplus until they can decide where it comes from. Council Member Dickinson asked how much we have in surplus. Mayor Doty stated they have enough to cover this and that is not an issue. Council Member Honeycutt stated we do and we can move some money from a different fund that has some surplus that is available for them to move. Honeycutt said they have some funds that have millions of dollars available. Honeycutt said when a similar truck was purchased years ago it was $288,000 and that is why it was budgeted at $300,000, but a new truck with all the equipment on it is considerably more now. Council Member Dickinson asked if anyone knows how much they have in surplus. Mayor Doty stated there are funds that have upwards of a couple of million dollars available. Council Member Dickinson said it would be a good idea when these things come up to have the Treasurer present. Mayor Doty stated it would be a
matter of note that it is in the budget that each of them received at the beginning of this year all of those fund balances. Mayor Doty stated that number is available to each of them.

Fire Chief Bryan Marr said the initial amount requested was based upon the last truck purchased was with a company called Pierce and it was a pumper truck at a cost of $289,757. Marr said that was truck only and not equipped with any fire service items. Marr said the department requested the same company to send a bid prior to this current budget. Marr said that same exact truck in March of this year was rated at $410,000. Marr said the amount of the money put in the budget was concerned with what is known as a commercial cab truck. Commercial cab and custom cab are two general areas when looking at fire trucks. A commercial cab truck is a truck purchased from a truck manufacturer, fit a pump and build boxes around that unit to make your truck. A custom truck, which is what Glasgow Fire Department has, is what is says, it is custom built. It is started with a frame and pump, and not only the boxes but the cab is custom built. Marr stated that is a large portion of the money between those two vehicles in the neighborhood of $100,000 difference in the two. Marr said this is mainly because a commercial cab is not designed for the strenuous use their fire service would put on it. Marr said when our department truck leaves the station, there will be a crew of at least four. Marr said a custom truck is designed with equipment in the cab and is actually built entirely out of aluminum or metal and designed for at least 10 to 15 years more service life than a commercial vehicle. Marr said a commercial vehicle utilizes a lot of plastics within the cab. Marr said this price is actually the price of an equipped truck. Chief Marr said this is a truck that will come to us with all the firefighting equipment on the truck that is new with the truck as opposed to transferring their older items, which sometimes run 10 to 15 years old. Marr stated this is a slightly different style and body of what they were asking for and what they are seeking for their needs as opposed to what he believes was originally requested. Marr said he has a large amount of information on both styles of the trucks if anyone wants to come to the fire station. Marr said he will be more than happy to set down and go over anything that anyone needs. Marr said if anyone has any specific questions, he will be happy to answer those at this time. Council Member Norris asked if this was a bid. Marr said it was a bid and the Fire Department received three bids from three different companies on what was requested and all three of those bids were in excess of $500,000. Council Member Groce asked if they are replacing a truck or would it be a surplus truck. Chief Marr said the intention with the this truck is to take a truck off of the front line, which is Engine #1 at Station #1. Marr said that truck is a 2003 Pierce Contender. Chief Marr stated that truck will be moved to reserve status and surplus Engine #6, which is a 1990 E1 pumper truck. Marr stated this truck more than doubles the storage for equipment and 27 years of technology than that the truck being replaced. Council Member Norris asked approximately how many years before the next one will be needed. Chief Marr said he intends to put their ladder truck, which is a 1999 Ladder #2, to be replaced within the next budget year. Marr said that truck will be an excellent reserve status truck, but at 20 years of service it is really beginning to show its age on that initial run status truck. Council Member Harris asked if Marr has a price on what a ladder truck will cost. Chief Marr said to replace that ladder truck, which is a 75 foot aerial, will be in the neighborhood of $800,000 to $900,000. Marr stated that is the smallest ladder truck you can get that is certified by NFPA and ISO. Marr said all of this goes into their ISO rating. Marr stated you could go significantly higher to probably 1.5 million or more when you get to the platform and those are very large trucks. Council Member Honeycutt stated he wants to make it clear that what he was proposing was first reading to amend the budget for
$215,000 to allow for this purchase. Honeycutt said another comment he wants to make is these trucks that are about $100,000 are a lot safer for the firemen to get in and out of because they are lower. Honeycutt stated it is easier on their knees when they are loaded down with equipment. Honeycutt said it only takes one bad workman’s comp claim to cost the City a lot more money than that as found out. Honeycutt stated he thinks that, and the safety reason for the citizens, makes it important to go ahead and do this. Honeycutt again said this is for the first reading to amend the budget. Mayor Doty said the reason to Suspend The Rules and do this tonight is there are some discounts as long as the Council acts before November 10 and to capitalize on those discount there has to be action tonight and a second action will be required if this should pass.

ORDINANCE NO. ____________

ORDINANCE ---- 1ST READING ---- ORDINANCE AMENDING ORDINANCE NO. 2017-2902, THE CITY OF GLASGOW ANNUAL BUDGET FOR FISCAL YEAR 7-1-2017 THROUGH 6-30-2018 BY APPROPRIATING FROM THE UNAPPROPRIATED GENERAL FUND $215,000.00 FOR A FIRE TRUCK

A proposed ordinance was presented for the first time and caused to be read for the first time.
